

Total Rewards Overview

Kestrelwick Systems, Inc. | US full-time employees | Version 3.2 | Effective 1 February 2025

Prepared by Caspian Ruddock, Total Rewards, for People Operations

This overview describes pay, time away and benefits for full-time employees in the United States, and gives candidates a picture of what joining Kestrelwick looks like. The plan documents govern wherever they differ from this summary.

Time away

Paid time off. Employees receive 20 days of PTO per year, accrued each pay period. Sick time is taken from the same balance. Up to 10 unused days carry into the next year.

Company holidays. Kestrelwick observes 10 company holidays.

Parental leave. Primary caregivers receive 12 weeks of fully paid leave. Secondary caregivers receive 4 weeks of fully paid leave. Employees are eligible after six months of service.

Where we work

Kestrelwick is remote-first. Employees may live and work in any of the 23 US states where the company is registered as an employer. The Duluth and Chattanooga offices are optional drop-in spaces, and nobody is expected to attend on set days. Remote employees receive a stipend of \$75 per month toward internet and workspace costs.

Pay

Base pay. Base pay is reviewed every January.

Annual bonus. For lead and staff levels the bonus target is 10% of base salary. For directors and above the bonus target is 15% of base salary.

Equity. Details of any equity grant are set out in your offer letter.

Health

Kestrelwick offers two medical plans. The company pays 85% of the employee premium and 60% of dependent premiums. Dental and vision are available at employee cost. Coverage starts on the first of the month after your start date.

Retirement

Kestrelwick matches 401(k) contributions dollar for dollar, up to 4% of salary. The match vests over two years.

Growth

- Learning stipend: \$1,500 per year.
- Employee assistance programme: confidential counselling, free of charge.

How hiring works at Kestrelwick

Candidates often ask what to expect, so here is the usual path for engineering roles. There are five stages:

1. A call with a recruiter.
2. A take-home exercise, which most people finish in about 3 hours.
3. An interview with the hiring manager.
4. A virtual panel of three 60-minute sessions.
5. A values conversation with one of the founders.

Most processes take about five weeks from the first call.
